**"Bucket Shop" Speculation.**  
 The grain and stock "bucket shop" business is rapidly increasing in Chicago, and there are ten of these blackboard concerns in the city to-day to one three years ago.

Every prominent hotel, almost rents a first floor room for this purpose, and the vicinity of the Board of Trade is alive with them. "Just now," said an inside man, "New York operators to me, 'the speculators are testing a new scheme to get ahead of the proprietors of the bucket shops, which is to sell, either, for it is one of these proprietors have long been playing on their patrons. It consists in 'straddling' the market when it gets excited—that is, both buying and selling a stock over night, and by losing one deal gaining enough on the other to more than make up."

"If the particular stock deal in fluctuates wildly, success generally follows this scheme, but the way that one eastern proprietor, whom I know intimately, gets even with this and all other games played by his customers and grows rich out of them, is by himself creating wild fluctuations so suddenly as to wipe out the margin put up on one side of these deals, and through some freeze out clause in his rules preventing immediate closing of deals between rapid quotations the other side is left stranded, with no appreciable profit in it. Why," added my informant, "my friend is away stepping into the main market and trading with the same capital by spending \$100 or \$200 in such a way as to knock into his hands three times that amount of margin which he can see at a glance are lacking some particular stock."—Chicago Journal.

**Princess Who Come Cheap.**  
 "Princess" Nicholas of Mingrelia demands some consideration as the man who would the daughter of Count Adlerberg. But the Adlerbergs are a very "new" family, and the lady is a queen with few claims on admiration. Indeed, she had for years been a sort of "Katinka," from whom the objects of the young fancies in consternation, and it was considered a "happy dream" when the young savage from the Caucasus agreed in consideration of a round sum of ready cash, to make her his wife and not seek to be divorced from her for a year. The bargain was consummated, but the year was not long before the couple separated. Now he has squandered all the marriage portion—more properly, bribe—and all the \$25,000 for which he sold his alleged princess, and is now being overtaken in debt, so that he would naturally like to get a job in reigning over a country which he could squander for his own gain.

"Princess" in Mingrelia, by the way, come very cheap. There are whole tribes composed of nothing but "princesses" and "princes." A goodly proportion of them get a living by highway robbery, though some are sufficiently regal in taste to seek clericalships in mercantile offices.—Chicago Herald.

**Time for a Change.**  
 "And you say you were not discharged from your last place?" said Mrs. Cronan, looking at a candidate for the office of cook.

"No, mum. I left, mum."

"How long were you in your last place?"

"Five years, mum."

"And why did you leave?"

"I was getting too fat, mum."

"Well, mum, I couldn't wear the missus' dresses any more and I had to wear those from the balls. I thought, mum, it was time to make a change."—Yonkers Statesman.

**Toilet Requisites.**  
 None surpasses Coigate's Cashmere Soap for the toilet. Coigate's Soap the best for delicate skin.

**Jack Shoupe to Play With the Scrantons.**  
 Harry Fisher, of this city, manager of the Scranton (Pa.) base ball club, has secured Jack Shoupe to cover short-field for his team during the coming season. Every body remembers Jack Shoupe—the nimble, fleetest and most active short-stop in the profession, but now he played great ball for Springfield in 1884 and will doubtless cover himself with glory in '87. Mitt West, who played with Springfield a few years ago, will also, probably be a member of Mr. Fisher's team.

**Vastness of Victoria's realm.**  
 The vastness of the British Indian empire is curiously illustrated by the enormous records of mortality, which are taken quite as a matter of course by the sanitary commission of the Board of Trade, and the India points to it, in the report for Bengal during the last year, it is incidentally stated as a matter of no particular moment that in Orissa alone no fewer than 15,000 persons must have perished through the effects of a cyclone and storm wave without any record of their death being kept. The chowkidars who should have reported the event to the government were swept away with the villages; no one was left to tell the tale. Again, cholera raged in 30,000 villages, causing 175,767 deaths, while 1,043,042 persons died from fever. Altogether 1,500,000 of deaths were registered in Bengal, exclusive of the 30,000 caused by the cyclone. On the other hand, there were 1,000,000 births to counterbalance the loss of population.—Chicago Herald.

**Dom Pedro's Aunt.**  
 Dom Pedro's venerable aunt, the esteemed and beautiful Princess Isabella Maria Francisca de Assis Xavier Paula d'Alcantara Antioquia, who died at Rio de Janeiro, was not long before she was buried in the family vault. Now he has squandered all the marriage portion—more properly, bribe—and all the \$25,000 for which he sold his alleged princess, and is now being overtaken in debt, so that he would naturally like to get a job in reigning over a country which he could squander for his own gain.

# PUBLICLY INSTALLED.

The Installation Ceremonies of Mitchell Post Last Evening—An Oration for Memorial Day.

The public installation ceremonies of Mitchell post, No. 45, G. A. R., last night, were largely attended and the imposing and interesting exercises were watched with interest. There was a good turnout of members of the post and their wives, many ladies of the Women's Relief corps and a good representation of the public generally. Promptly at 8 o'clock, according to the usual G. A. R. ceremonial, the mustering officer, Col. D. C. Putnam, was presented by the officer of the day, Thomas P. Grant. Colonel Putnam at once took command of the post, Commander Shewalter turning over his chair, gavel and authority.

The following officers were then installed: Senior Vice Commander—R. F. Delo. Junior Vice Commander—E. R. Cheney. Quartermaster—Isaac Kindie. Surgeon—Dr. Geo. W. Moore. Officer of the Day—J. W. R. Cline. Chaplain—Rev. F. G. Mitchell.

L. Lafferty, appointed Adjutant, J. M. Nier, Quartermaster Sergeant, and John S. Shewalter, Sergeant-Major. The first two were installed, but the latter did not arrive in time and will be put through at the next meeting.

This closed the installation ceremonies and Commander Stewart announced that the remainder of the evening would be devoted to a social time, with speaking, etc. Much to the general surprise and pleasure of those present he introduced Major J. S. Ostrander, of Cincinnati, who delivered a timely and excellent address. Major Ostrander, by the way, will be the orator of the next Memorial Day, being appointed by Commander Shewalter at the request of the post last night and having given his consent. Appropriate speeches were also made by Chaplain Mitchell, Commander Stewart, Col. D. C. Putnam, Commander E. Folz, Col. D. C. Putnam, Tremont City, and Senior Vice Delo. The meeting adjourned after the singing of a stirring song.

**LAID TO REST.**  
 Funeral of Mrs. Dr. H. R. Bosch Yesterday Afternoon.

The funeral of the late Mrs. Dr. H. R. Bosch occurred yesterday afternoon from her late residence, No. 111 south Center street. A very large concourse of friends were present to pay their last sad honors to the memory of the dead. Mrs. Helwig and Goodwin conducted the services, which were unusually beautiful and solemn. Many friends sent exquisite floral designs, which were placed about the casket and the house.

Dr. J. G. Kennan, Dr. O. L. Converse, P. B. Martin, Chase Stewart, and Ed Luffel acted as pall-bearers. Dr. Bosch was deeply affected and his grief was sad to behold.

Among the mourners was Mrs. Landaker, mother of the dead young lady. Mrs. Landaker is a resident of Florida and was on her way north to pay her last visit to a friend, when the terrible intelligence reached her of Mrs. Bosch's death. It was conveyed to her remarkably enough by a sister of Dr. Bosch, who had never met Mrs. Landaker before. When the latter learned of her daughter's death—the daughter whom she expected soon to clasp, alive and well, in her arms—the poor lady was overcome and swooned away, causing intense excitement in the car.

**The Territories Heard From.**  
 We never knowingly advise bogus concerns, or those that in any manner misrepresent, and when we can from personal observation and experience endorse that which is advertised in our columns it always gives us pleasure to do so. For a long time Humphreys' Homeopathic remedies have been a household article in our family, and a saved us from many a bill. They are a stand-by in many of the most intelligent and cultured families of the east, and a real blessing to the people. This is especially true where, as in the case of physicians are not everywhere and always within easy reach. We feel convinced that we cannot too highly recommend these medicines of this old and reliable house, and advise every family who will, to procure them to invest in a case of Dr. Humphreys' Specifics, sincerely believing they will afford fair trial and a permanent cure. —Publisher of Forest City, Sp. Dakota.

**Caution to Doctors.**  
 To the Editor of the Republic:  
 SPRINGFIELD, Jan. 6, 1887.

For the good of our community, allow us to say that the practice of using powerful acids is altogether too common in our city among our leading physicians.

In addition to the case of Mr. Sharpe, a well-known young man, taking treatment for catarrh, has had his throat badly eaten and his vocal chords probably irreversibly injured by the use of acids as an injection, said treatment being applied by one of our prominent doctors.

**Installation Ceremonies.**  
 Springfield lodge, No. 85, I. O. O. F., installed the following new officers last evening:

Noble grand—M. L. France.  
 Vice grand—J. H. Taylor.  
 Recording secretary—J. Oscar Arbogast.  
 Permanent secretary—T. E. McKinnin.  
 Treasurer—J. N. Mills.  
 Trustees—J. E. Harroft, Wm. C. Frye, H. S. Showers, M. M. Kaufman and A. L. Lesser.  
 Property trustee—M. Wright.

# Gen. Logan's Sudden Death

Is a great shock to the nation. Few know that he was even indisposed when the news of his death flashed over the wires and thousands of people stood aghast at the sudden change from health and vigor to cold and silent death. For the past twenty-five years there has been no man more constantly before the public than General John A. Logan. Through all his career he has been noted for his fearlessness and purity of character, both in public and private life. Loved by friends and respected by enemies, he will be missed by all.

His death adds another to the long list of victims to sudden and acute rheumatism. Probably no disease is so common as rheumatism, and there is certainly none which so completely baffles medical skill.

Only one remedy has yet been discovered which is a sure and safe cure for rheumatism and its twin disease, neuralgia, and that is Athliophorus. In thousands of cases Athliophorus has proved a quick and certain cure for these diseases. In connection with Athliophorus Pills it has never failed to speedily effect a cure.

In all probability many deaths attributed to heart disease are caused by these terrible diseases, which are far more dangerous than is generally considered.

Rheumatism, even though in a very mild form, is extremely dangerous, for it is liable at any moment to go to the heart and cause instant death. Why trifle with a disease so fatal when a certain cure can be obtained of any druggist?

Every druggist should keep Athliophorus and Athliophorus Pills, but where they cannot be bought of the druggist the Athliophorus Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athliophorus and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervousness, debility, diseases of women, constipation, headache, impure blood, etc., Athliophorus Pills are unequalled.

You lose money if you buy a seal skin or plush sacque without pricing ours. Good goods and low prices, our motto.

A sleigh was run into by an express train near Peawaukee Lake, Wis., and three persons killed.

**Many** Of the good things of this life are sorrowfully lost alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion, Constipation, Headache, Biliousness, and all the ailments arising from a disordered stomach. They give a positive guarantee at 25 and 50 cents, by Frank H. Colburn, corner Market and High streets.

This great remedy was discovered by a missionary in South America. Send self-addressed envelope to Rev. Joseph T. Dunn, Station D, New York city.

**ART** needle-work and valuable embroideries are frequently ruined, or their beauty much impaired by washing them with ordinary soap, which is too rank for such delicate articles. A simple, and the proper method is to make suds of hot water and Ivory Soap, and allow to cool till lukewarm. This solution, while very effective, is perfectly harmless.

**A WORD OF WARNING.**  
 There are many white soaps, each represented to be "just as good as the Ivory," they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
